KEY MESSAGES

- If you already made repairs or started your recovery, you can still apply. FEMA inspectors are trained to recognize damage caused by a disaster even after recovery has started.
- FEMA's assistance programs are designed to help you with basic, critical needs such as a safe, sanitary and accessible place to live. These programs are available to renters, including students.
- You don't have to be a U.S. citizen to apply for assistance. If a member of your household is a citizen, non-citizen national or a qualified alien, you can join their application for assistance. You can also apply on behalf of your child if they meet the eligibility criteria but you do not.
- Disaster Unemployment Assistance is available for those who lost work as a direct result of the August storms. Apply by March 27, 2024. [Download an application here.](#)
